With 7,000 square feet of column-free space and a 60' x 60' cyclorama, the vast size of the Hicks stage offers boatloads of potential. The grid spans the entire space so your team can find a rigging point wherever they'd like. The only limit is your imagination.

## 7,000 SQUARE FEET OF COLUMN-FREE SPACE

## 2,500-AMP 3 PHASE POWER

Our 2,500-AMP 3 phase power is more than sufficient for large-scale productions, and super-accessible so gaffers can do their job efficiently. We've got two 600-AMP camlock boxes on either side of the stage, eliminating the need to run wires across the space.

The full-service sound stage at Hicks is 100% soundproof.

The space is also cool and silent, with 50 tons of silent HVAC – so no more sweltering under 25 10K lights. You can roll sound with the AC on, easy.

## 50 TONS OF SILENT HVAC

## YOUR HEALTH IS OUR PRIORITY

### COVID-19 Safety Measures:

#### ✗ **iWave Filtering Systems**

We have installed a special filtering system in our air ducts which effectively decontaminates any air droplets in our space. As the air travels through the ducts and over the iWave, its filter destroys germs and other polluting particles like smoke and allergens. Which means the air in our studio is literally as clean and purified as we can ever hope for air to be.

#### ✗ **You can take your time**

Setup times are taking a bit longer than usual due to distancing measures and frequent sanitization. We don't want you to feel like you have to compromise your time to maximize your safety, therefore we have extended our day rates to include 12-hour days.

#### ✗ **Space to distance**

Our sound stage and all additional areas for your crew are large enough to accommodate social distancing – with ease. There is plenty of room to spread out.

#### ✗ **Medical-grade PPE available on premises**

- ✗ **Commercial-grade disinfectant spray used on all surfaces and equipment**
- ✗ **Hands Free washing stations available through the stage**
- ✗ **Touchless hand sanitizer dispensers through the space**

## CROSS-STAGE LIGHTING GRID

The Hicks lighting grid spans the entire space and can accommodate all specialized requirements. We'll create a custom lighting package, tailor-made to your production. With 20 foot to grid, the high ceiling allows for elaborate set construction.

## SAMSON EVENTS

Our spacious stages are a perfect resource for conferences, large parties or corporate events. Think of it as a blank slate that can be furnished and decked out to your specifications for the event of your dreams.

We welcome your custom sets! The Hicks Stage is fully decked out with a loading dock, as well as an area for construction and prop storage. This area can be used for additional production space if necessary.

**Let's bring the  
roof down.**

**Let's forge your  
flick with steely  
professionalism.**

**Let's not  
compromise on  
awesome action.**

**Let's be agile,**

**resourceful,  
and versatile.  
Let's stage the  
supernatural.  
Let's roll with  
the punches.  
Let's go down in  
a blaze of glory.**
